### Program Details

The Iola Winter Sports Club Youth Ski Program is held Saturday mornings from 10:00-11:30am for classic style cross-country skiing. Lessons begin as soon as there's enough snow to ski. Lessons run through the end of February, weather permitting. Detailed schedules are available when you sign-up.

Lessons are focused on learning the fundamentals of classic style cross-country skiing. Games and activities allowing children to enjoy the outdoors during our wonderful Wisconsin winters are a key part of the program. Parents are encouraged to participate in each lesson along with the kids.
